

Safe at Home

Minnesota's Address Confidentiality Program

2016 Application Assistant Online Survey Results

Survey Purpose

The purpose of this survey was to: (1) gather information about the effectiveness of partnerships between the Office of the Minnesota Secretary of State and Safe at Home Application Assistants, (2) learn about the services Safe at Home Application Assistants provide applicants during the application meeting, and (3) gather feedback from Safe at Home Applications Assistants in order to help assess program outreach needs.

Survey Distribution, Collection, and Response Rate

In early 2016, all 234 Safe at Home Application Assistants were emailed an invitation to voluntarily take an online survey along with an access link. The survey tool used was KwikSurveys. The application assistants were allowed 21 days to take the survey at a time that was convenient for them. Although functionality existed that allowed a person to complete the survey multiple times, all application assistants were directed to take the survey only once. During the 21 days, three email reminders were sent to all 234 application assistants to take the survey if they had not yet done so. Assuming an application assistant took the survey only once as directed, at the end of the three weeks the total number of responses received was 78, making the response rate 33%.

Survey Questions

The survey consisted of 18 multiple choice questions. 14 questions allowed the responder to choose only one answer. Four questions permitted the responder to choose more than one answer.

Question 1**Approximately how long have you been a Safe at Home Application Assistant?**

- Choices:** **Less than 1 Year**
 1-3 Years
 3-5 Years
 More than 5 Years

Total number of returned surveys	78
Total number of returned surveys that indicated a response to this question	78
% of responses that indicated this answer	
Less than 1 Year	 19 %
1-3 Years	 38 %
3-5 Years	 26 %
More than 5 years	 17 %

Question 2**Do you work in Greater Minnesota or the Twin Cities Metro area (Anoka, Carver, Dakota, Hennepin, Ramsey or Scott Counties)?**

- Choices:** **Greater Minnesota**
 Twin Cities Metro Area

Total number of returned surveys	78
Total number of returned surveys that indicated a response to this question	78
% of responses that indicated this answer	
Greater Minnesota	 62 %
Twin Cities Metro Area	 38 %

Question 3**Please rate the amount of training and information you receive from the Safe at Home office.**

- Choices:** **Too Much**
 Correct Amount
 Too Little

Usually	 19 %
Rarely	 19 %
Never	 26 %
I have never helped someone with a Safe at Home application.	 9 %

Question 10

Please check everything you typically do when you help an applicant complete the blue Safe at Home application.

- Choices:
- I have never helped someone complete a Safe at Home Application.
 - I point out the Tennessee Warning at the top of the page.
 - I complete the blue application form and have the applicant sign when I'm finished.
 - The applicant completes the blue application form and I sign it when they're finished.
 - I ask them if the address on the blue application form is the address where they currently reside.
 - I have all adults initial and sign the application.
 - I ask to see their photo ID.

Total number of returned surveys	78
Total number of returned surveys that indicated a response to this question	78
% of responses that indicated this topic	
I have never helped someone complete a Safe at Home Application.	 10 %
I point out the Tennessee Warning at the top of the page.	 55 %
I complete the blue application form and have the applicant sign when I'm finished.	 19 %
The applicant completes the blue application form and I sign it when they're finished.	 79 %
I ask them if the address on the blue application form is the address where they currently reside.	 77 %
I have all adults initial and sign the application.	 85 %
I ask to see their photo ID.	 79 %

Question 11

Please check everything you typically do during meetings with Safe at Home applicants.

- Choices:
- I have never had a Safe at Home meeting with a potential applicant.
 - I help them develop an individual safety plan.
 - I tell the applicant "no" or re-direct them in their safety strategies if I feel they are not appropriate to enroll in Safe at Home.
 - I explain the basics of Safe at Home and how it may help them as a safety tool.
 - I suggest other services my organization has to offer.
 - I refer them to community services outside my organization.
 - I offer them the opportunity to register as an absentee voter by giving or showing them the white Safe at Home Voter Registration Application form.

Total number of returned surveys	78
