What it means for The Bee Shed to be an SBC

We are committed to the following specific public benefits:

- The promotion and development of pollinator habitat for sustainable food production.
- The education of the public at large about the importance of bees and pollinator habitat.
- The mentorship of new or novice beekeepers, including youth and underserved populations.

Here is a summary of our 2018 activities related to these specific public benefits:

- We delivered 36 different presentations and classes in the region.
- Traveled approximately 930 miles to deliver the presentations and classes.
- Reached approximately 1,100 people, face to face, with our presentations and classes
- Specifically regarding beekeeping classes, we taught 19 beekeeping classes in 6 regional communities to 112 new beekeepers.
- Personally mentored several new beekeepers with hands-on help.
- Gave beekeeping tips to elementary school students at Quarry Hill Nature Center.
- Donated approximately \$400 of beekeeping equipment for education programs and scholarships.
- Donated more than \$200 of honey products to various fundraisers in the region.

Supporting local

John grew up in SE Minnesota. Chris has lived here for more than 32 years. This is where we live and where we raised our families. More and more people buy items online, meaning they support the local delivery person in the brown truck who brings the product that last mile to their front door. We believe our community becomes far less vibrant when our region becomes just another delivery stop.

This report has been reviewed and approved by Chris Schad and John Shonyo, sole shareholders and members of The Bee Shed's board of directors.

Respectfully submitted,
Chris Schad and John Shonyo
