Does this entity own, lease, or have any financial interest in agricultural land or land capable of being farmed?
 Yes No

Amped Apple, SBC

ANNUAL PUBLIC BENEFIT REPORT

2019

Amped Apple, SBC Annual Specific Benefit Report 2019

For the reporting period of January 1, 2019 through December 31, 2019 Amped Apple, SBC pursued and created the specific public benefit stated in its articles.

Amped Apple reinvested over 50% of its profits earned through real estate service transactions to support Minnesota's youth.

Amped Apple worked diligently to create an online presence through the brand-new build of its website www.AmpedApple.com and CRM technology in addition to investing in content creation of high-quality social media campaigns on multiple platforms.

Amped Apple heavily engaged in community outreach, engagement and reinvestment through volunteerism and networking events including private and public business and education sectors to spur public awareness of the positive socioeconomic imprint created through the ripple effect of supporting local youth programming that embraces the social, emotional, physical and spiritual overall wellbeing of local youth.

Amped Apple met with local youth teachers, coaches and youth group leaders to gain an in depth understanding of challenging issues our local youth face during and after school due to a variety of variable and daunting life circumstances and situations often outside their control.

Amped Apple contributed significant funds to help local youth facing socioeconomic gap issues that have threatened their ability to access basic life necessities most children in their same school and community take for granted.

Amped Apple was successful in its specific benefit mission by improving the lives of many local Minnesota school children by funding local youth programming that positively impacted their overall social, emotional, physical and spiritual healthy wellbeing.
